

Regione Puglia

The Programme is co-funded by
the European Union (ERDF) and by National Funds of Greece and Italy

COMUNE DI BARI

LIST OF PROJECT PAPERS

code	Title	scale
REP 00	List of project papers	
REP 01	Technical Report - Part 1: State of the art and planning solutions	
REP 02	Technical Report - Part 2: The planned bicycle networks: paths overview	
REP 03	Technical Report - Part 3: Traffic Calming Devices and Bike Sharing System	
TAV 01	Points of interest site plan with the existing and designed cycle networks	1:20.000
TAV 02	Points of interest site plan with the existing, designed and planned cycle networks	1:20.000
TAV 03	Aerial map with road network hierarchy, speed limits and traffic management solutions	1:20.000
TAV 04	Settlement of a Z30/Z20 zone: solution of network nodes and an example of the "Murattiano" neighborhood	various
TAV 05	Aerial map with existing, designed/founded and planned bicycle paths and existing and planned bike sharing stations	1:20.000
TAV 06	Aerial map with hierarchy of bicycle networks and existing and planned bike sharing stations	1:20.000
TAV 07	Detail aerial map with bicycle networks -Tav 1 of 9	1:5.000
TAV 08	Detail aerial map with bicycle networks -Tav 2 of 9	1:5.000
TAV 09	Detail aerial map with bicycle networks -Tav 3 of 9	1:5.000
TAV 10	Detail aerial map with bicycle networks -Tav 4 of 9	1:5.000
TAV 11	Detail aerial map with bicycle networks -Tav 5 of 9	1:5.000
TAV 12	Detail aerial map with bicycle networks -Tav 6 of 9	1:5.000
TAV 13	Detail aerial map with bicycle networks -Tav 7 of 9	1:5.000
TAV 14	Detail aerial map with bicycle networks -Tav 8 of 9	1:5.000
TAV 15	Detail aerial map with bicycle networks -Tav 9 of 9	1:5.000
TAV 16	Photogrammetric plan with bicycle path typologies and photo simulations - Tav 1 of 7	1:5.000
TAV 17	Photogrammetric plan with bicycle path typologies and photo simulations - Tav 2 of 7	1:5.000
TAV 18	Photogrammetric plan with bicycle path typologies and photo simulations - Tav 3 of 7	1:5.000
TAV 19	Photogrammetric plan with bicycle path typologies and photo simulations - Tav 4 of 7	1:5.000
TAV 20	Photogrammetric plan with bicycle path typologies and photo simulations - Tav 5 of 7	1:5.000
TAV 21	Photogrammetric plan with bicycle path typologies and photo simulations - Tav 6 of 7	1:5.000
TAV 22	Photogrammetric plan with bicycle path typologies and photo simulations - Tav 7 of 7	1:5.000

CIELO (CITY-PORT ECO LOGISTICS)
European Territorial Cooperation Programme Greece-Italy 2007-2013
Integration Analysis of Sustainable Mobility System" - Action 3.1 "Analysis of Italian (Bari and Brindisi) mobility needs and production of the cycle Track plan"- Deliverable 3.1.1 "

**State of the art and accessibility Plan for Bari -
Technical Report -**
